11 from the general fund as necessary to meet cash flow requirements  
12 for the projects. The state building authority shall reimburse the  
13 state treasurer for the advances when the investments earmarked for  
14 the financing of the projects mature.

15 (4) If a project identified in part 1 is terminated after  
16 final design is complete, advances made on behalf of the state  
17 building authority for the costs of final design must be repaid to  
18 the general fund in a manner recommended by the director of the  
19 state building authority.

20 Sec. 1102. (1) The state building authority shall not release  
21 state building authority funding to a university or community  
22 college to finance the construction or renovation of a facility  
23 that collects revenue in excess of money required for the operation  
24 of that facility unless the university or community college agrees  
25 to use that excess revenue to reimburse the state building  
26 authority. The excess revenue received by the state building  
27 authority as reimbursement must be credited to the general fund to  
28 offset rent obligations associated with the retirement of bonds  
29 issued for the applicable facility. The auditor general shall

1 annually identify and audit the facilities that are subject to this  
2 section. Costs associated with the administration of the audit must  
3 be charged against money received by the state building authority  
4 as reimbursement under this section.

5 (2) As used in this section, "revenue" includes state  
6 appropriations, facility opening money, other state aid, indirect  
7 cost reimbursement, and other revenue generated by the activities  
8 of the facility.

9 Sec. 1103. Not later than October 15, the state building  
10 authority shall submit a report to the standard report recipients  
11 and the JCOS regarding the status of construction projects  
12 associated with state building authority bonds as of the end of the  
13 immediately preceding fiscal year. Not later than 30 days after a  
14 refinancing or restructuring bond issue is sold, the state building  
15 authority shall submit a report to the standard report recipients  
16 and the JCOS regarding the status of construction projects  
17 associated with that bond issue. Each report must include all of  
18 the following:

19 (a) A list of all completed construction projects for which  
20 state building authority bonds have been sold, and which bonds are  
21 currently active.

22 (b) A list of all projects under construction for which sale  
23 of state building authority bonds is pending.

24 (c) A list of all projects authorized for construction or  
25 identified in an appropriations act for which approval of  
26 schematic/preliminary plans or total authorized cost is pending  
27 that have state building authority bonds identified as a source of  
28 financing.
